Our ESG Pillars

Consumer

We Put Consumers First

Our consumers are at the heart of our business. We're committed to promoting a strong culture of treating consumers with respect, honesty, and empathy, and keeping customer service and compliance at the core of our business strategy.

Colleagues

We Support and Value Our People

We foster a culture of respect and inclusion in various ways including by providing unconscious bias and diversity training, tracking gender diversity, and sponsoring global cultural appreciation initiatives. We attract and retain talent by creating opportunities for professional growth through competitive benefits, wellness incentives, and other initiatives and trainings.

Environment

We Make a Positive Impact on the Environment

We minimize our environmental footprint through smart resource use and sustainable practices, including recycling programs, plastic-free breakrooms/cafeterias, reduction of water consumption and electricity use, and powering our business with renewable energy where possible.

Community

We Work Together to Strengthen Our Community

We encourage employee community service and support through corporate matching programs, paid time off for volunteering activities, our annual day of giving, company-sponsored volunteer opportunities, and corporate giving and partnerships.

Operating Responsibly

We Operate Responsibly

We hold ourselves to the highest ethical practices and decision making as guided by our Standards of Business Conduct.
